SPECIAL MAY 16 1932 A TRADE BULL ST AND PRICE LIST

Wholesale Price List

May 1932

Sales and Profits

In every line of business sales and profits depend upon the attractiveness—the saleability of the merchandise. Your business is no exception. Stock that is healthy, vigorous and attractive sells quicker and commands a better profit. Sell the best because it pays best. The letter reproduced below tells you where to get the best.

Are You Ready?

Right now is the time to "make sales while the sun shines!" What business you do now is going to determine what your profit and loss statement will show at the end of the year. You can't sell stock if you haven't got it—and don't let a little off-season weather fool you. People will buy—are you ready for them? We're ready for you—read the letter below.

Let Us Help You With Your Selling and Advertising Problems

Old selling methods have got to go! The man who waits for business to come to him is losing out. You've got to tell folks what you've got if you are to sell them! To make your SALES grow you've got to plan your selling as carefully as you do your production.

It pays us to help our customers sell their stock. The more you sell to your customers the more we can sell to you! Ask for our help—it will be given FREE. We'll gladly help you work out a simple and inexpensive campaign of letters to get more business.

Every Grower will be

interested in this letter

We reproduce this communication just as it was received by us. It is not our intention to "knock" any competitor because we have the highest regard for them all and there is plenty of business for all of us. Our only object in printing this letter is to let you know that we make a special point of prompt service and quality stock.

50 years of Faithful Service

Newberry, S. C. April 15, 1932.

R. Vincent, Jr. & Sons Co.

I had occasion to order on the same day pot grown plants from your firm and another well known grower. Your plants arrived 3 days sooner, were much better packed, better wrapped, soil was firmer and the stock superior. I offer this testimonial voluntarily.

(Signed) HAL KOHN

R. VINCENT, Jr. & SONS COMPANY

ESTABLISHED 1871

GROWERS TO THE TRADE

White Marsh

Long Distance Telephone
Chase 12-F-4—Baltimore Exchange

Maryland

Seasonable—Cannas, Chrysanthemums,

ABUTILON

				w rapidly	
flower freely					
for winter h	looming;	planted	out in t	the Spring	they
are effective	for bedding	ng and	horders.
